

We will all of you an enjoyable Holiday Season, and thank you very much for the thousands of you who have ordered from us in the past 12 months.

As most of you know who are regular customers, for the last 20 years or so, since we are mainly a manufacturing facility, we have closed our warehouse and customer service areas during the time between Christmas and New Year's.

Since both Christmas and New Year's are both on Tuesday this season, and the break is longer than usual, we are making a small adjustment this year in our warehouse and customer service hours. We will be open part of the day on both the 26th and 27th of Dec. and will process as many orders as we can during those two days. The rest will have to wait till we re-open 100% on Wed. Jan 2nd, and all orders will be processed by date of arrival.

During the closure, our phones will not be answered, nor will email be replied to until after Jan 2 2019.

Here is our complete Holiday Schedule.

Please view attached Fedex map for best estimate of days on average it takes a package to arrive to your area via Fedex Ground, or US Mail.

So plan accordingly if you are buying a Holiday Gift.

Note: We CAN NOT guarantee delivery times by these carriers as so many variables go into that, weather, natural disasters, etc.

Orders received by 12:00 noon on Tuesday Dec.18th for "in-stock items" we will try our best to ship no later than 12:00 noon on Friday Dec. 21.

Our Offices, manufacturing area, and warehouse will close at 12:00 noon on Friday Dec 21st.

Closed Dec 22,23,24,25.

Open for part of the day on Dec 26 and 27 with only limited Staffing.

Closed Dec 28,29,30,31 and 1 Jan.

Resume normal business for all departments on Wed. Jan 2nd 2019.

If you are traveling for the Holidays please have a safe journey.
